

Amazonas Sustainable Foundation

Rafael Salles Valente

salles.valente@fas-amazonas.org

Deforestation associated to agrobusiness

Deforestation associated to familiar production and traditional and indigenous populations

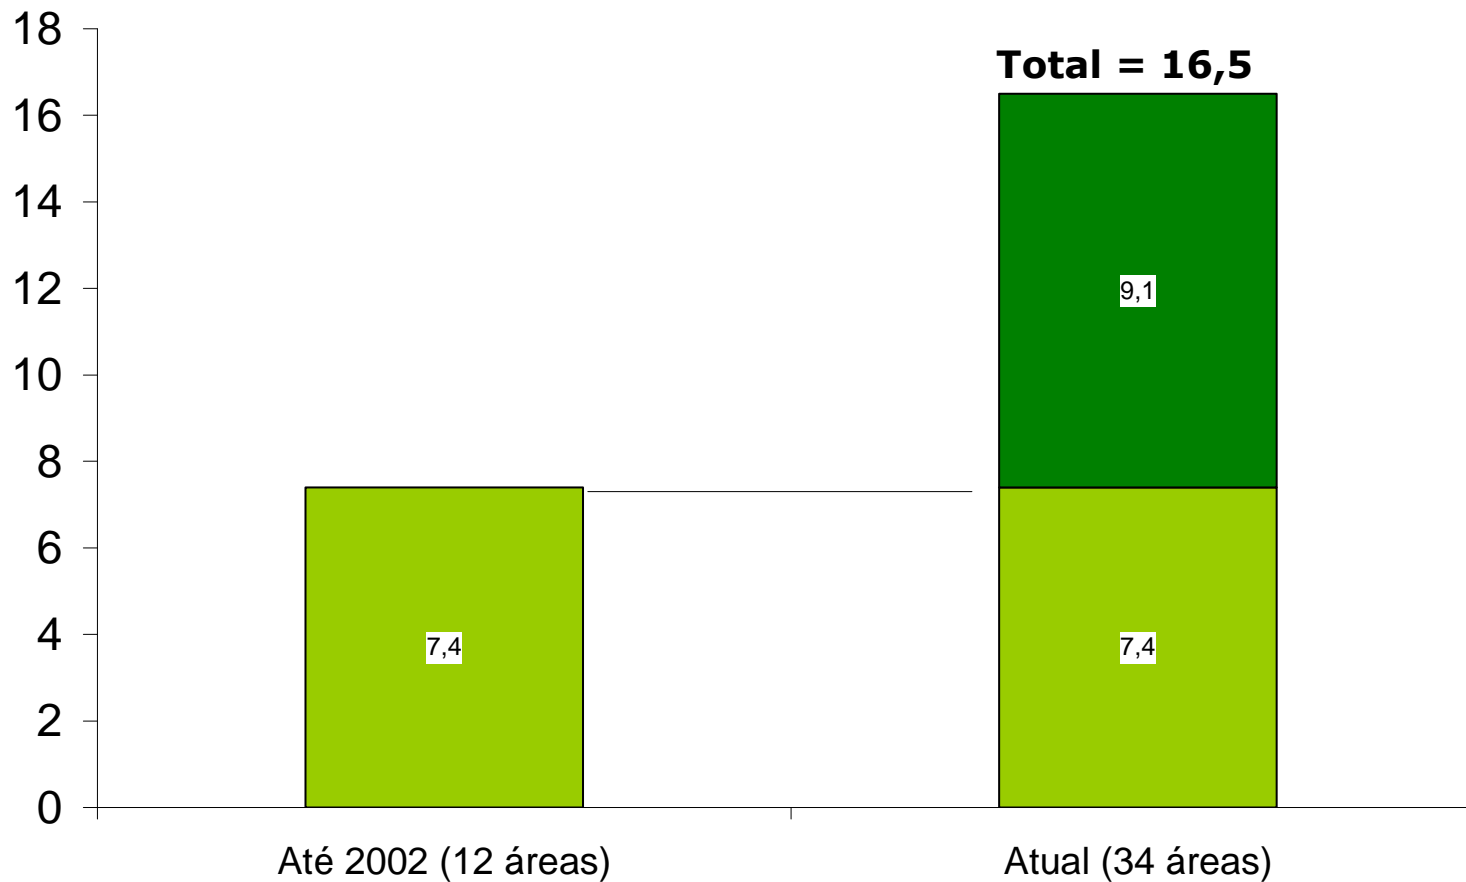

A new way on amazonas:
“standing forest worths more than felled”

To stop the deforestation , the Government of Amazonas has increased the extension of protected areas to 16,5Mha

Áreas de proteção estadual (Mha)

The Bolsa Floresta is composed by 4 programs

1 - Familiar

2 - Association

3 - Social

4 - income
